

How do we Play?

Dear Parents,

As we near the end of a fun half term in Nursery, we are beginning to look ahead to some new learning focuses and experiences for Term 1.2.

As part of our exploration of relationships and to support the children's sense of belonging within our learning environments, we will have a focus on exploring our families and people who are special to us by creating family trees within each classroom. To support us in preparation for this week we would like to ask for a little help! May we request that your child brings in a recent photograph of themselves and each family member including any pets. Please send in the photographs and hand these to the teachers, or we can print these out if you email them to atang@dbis.edu.hk

Could we kindly ask that your child brings their photographs to school during the week beginning Monday 14th October.

Thank you in advance for your continued support, we wish you all a fantastic half term break!

Kind regards,

The Nursery Team
